Tyler F. Flowers

Programmer

ggtylerr_contact@protonmail.com

SKILLS

- Experience with multiple languages, including Java, JS, Python, HTML and CSS.
- Ability to work under pressure.
- Able to work well and coordinate with groups.
- Able to supervise and lead multiple projects at once.

PROJECTS

These are just the most prevalent projects I made. To see all of my projects, go to https://ggtylerr.dev/projects

KAaNE - *Game Tool*

JUNE 2018 - PRESENT

- A tool for the game "Keep Talking and Nobody Explodes" that allows for singleplayer gameplay.
- Multiple versions exist, including an android app.

DSA Bot - *Discord Bot*

FEBRUARY 2020 - PRESENT

- A Discord bot originally made for an esports team, but now is for general-purpose.
- One of the few bots to be hosted on repl.it that works.

ggtylerr.dev - *Website*

MARCH 2020 - PRESENT

- A clean looking website made in plain HTML+CSS, with little to no JS.
- Also hosted on repl.it and made with Node.JS and Express.

mutat.io - *AIO Conversion Tool*

MARCH 2020 - PRESENT

- A no-nonsense conversion tool meant to eliminate the need for individual tools.
- Has unit, file, timezone, and even language 'conversion'.

EXPERIENCE

Freelance - *Programmer*

MARCH 2019 - JUNE 2020

- Worked online on Fiverr and have done multiple small projects.
- Projects were usually done within a day, and clients were satisfied with the finished product.

Silver State Esports - *Supervisor*

JANUARY 2020 - PRESENT

- Previously worked as a volunteer computer scientist, now working as a supervisor.
- I handle multiple projects, including their main website, minecraft server, and DSA Bot.
- Also worked under pressure and coordinated with a small team.

EDUCATION

Valley HS, Las Vegas NV - *Freshman*

AUGUST 2017 - AUGUST 2018

This is where I first learned programming, not only through their Web Design class, but also through a helpful teacher in a Robotics club that taught Python 2.7.

Del Sol Academy, Las Vegas NV - *Sophomore-Senior*

AUGUST 2019 - AUGUST 2021

While there weren't any programming classes available, I went through Graphic Design 1-3 to learn the design aspects of a program. I've also self-taught myself during this time and found out about SSE through the school's esports club.

REFERENCES

Davis Kong - *(702) 528-9221*

CEO and main head of Silver State Esports.
